

CALL FOR SUBMISSIONS

COMINELLI FOUNDATION AWARD FOR INTERNATIONAL JEWELLERY SPECIAL EDITION 2018

Theme: **A jewel of a Lake**

Participants are asked to submit a piece of jewelry with a double function: brooch/pendant

“O Benaco, che gonfi le tue onde e fremi come il mare.” Publio Virgilio Marone*

The Lake Garda has always been the object of artistic contemplation. Since antiquity it left a striking impression on some of the most important figures of the cultural world: from Catullo to Dante, from Goethe to Gabriele D’Annunzio, from Klimt to Maria Callas.

Its intense and bright colours, its wide horizon delimited by the peaks of the Alpine mountains, its clear light and the uniqueness of its natural flora, are all distinctive traits which can be appreciated through a multisensorial experience.

Nowadays more widely known as Lake Garda, it was named BENACUS by the Romans, who used this appellative since I century a.D. that is since the moment they had started colonizing the Venetian mainland.
